

**Tama/Toledo Healthy Hometown Steering Committee Agenda**  
**Thursday, April 7, 2022**  
**Wieting Theatre**  
**5-6 p.m.**

Present: Denise Fletcher, Karen Mixdorf, Dot Zmolek, Shelly Riley, Warren Riley, Marilyn Rippy, Amy Doyle, Trudy Koch, Mark McFate, Travis Mullen, Lori Baier

Mission/Vision Statement & Logo or Branding: Shelly and Warren Riley led the group in refining our Mission and vision statements.

Mission Statement: We seek to provide safe and accessible pedestrian travel throughout our communities.

Vision Statement: Individuals and families will travel safely throughout our communities to enjoy varied experiences, building stronger connections with places and people.

Logo - We have 50 vests. Do we want to get a logo printed on them?

Denise Fletcher gave an update on AARP Grant Application - purpose of this grant is to start a small project that has significant impact to jump start long-term progress. It was due in March. By mid May we should find out and we need to start by June 29th and be done by Nov 30th. The price the trees forever gave us was incorrect. Nesper sign company would you draw up a smaller sign for a grant? Contacted Iowa Rural development to apply for \$5000 more. She sent an application in March.

Karen Mixdorf asked for feedback on the Highway 63 Project. This is our number one priority from stakeholders. Put a sidewalk on the East side, starting at 17th street to the existing sidewalk in Toledo. Tama would like it on the West side so the school could maintain it. They would like the crosswalk to be at 16th street and at Summit Street in Toledo.

Step 1 - Side walk on the west side of 63 in front of school.

We would like Wellmark to do a walking audit of the hwy 63 corridor.

2nd - crosswalk with lights

3rd - sidewalk along park

Golf Cart Ride – Steps
